Dotted quarter/eighth note rhythms, slurs that cross strings and brief excursions into the minor mode will challenge every section while improving technique. Accidentals are introduced as easy-to-teach (and to hear!) unisons for the entire orchestra. **#35658**

TV TIME (/MOORE) (M) -- Your audiences will love this medley of nostalgic television themes that features three of the most beloved sitcoms of all time. Includes: Happy Days, The Brady Bunch, and Making Our Dreams Come True (Laverne and Shirley). **#69565**

'TWAS IN THE MOON OF WINTERTIME (BEVAN/ALLAN) (M) -- Jesus Ahatonhia, the hymn tune name of the hauntingly beautiful melody known more generally as the Huron Indian Carol or 'Twas in the Moon of Wintertime, adapts remarkably well to the string orchestra. Allan Bevan's thoughtful setting of this Canadian classic will be perfectly suited to a holiday or winter concert. . **#40649**

TWO CHRISTMAS ANGELS (/DAY) (ME) -- Two traditional Holiday tunes, "Hark! The Herald Angels Sing" and "Angels We Have Heard on High" have been beautifully arranged and interwoven so all sections get the melody. There's even a solo section, featuring your first chair players, cleverly arranged with both carols being played simultaneously! Written in the key of G, this is a "must have" addition to any holiday concert for any age group. **#68544**

TWO MOZART CANONS (MOZART/BAUMAN) (ME) -- The music of Mozart remains at the top of every Classical listener's list and continues to be some of the best teaching material for student orchestras. Jon Bauman has combined two of Mozart's delightful canons into a concert and learning piece for strings. **#69520**

TWO SCENES FROM THE HOLLOW (MOSIER) (M) -- Another exciting work from top-selling composer Kirt Mosier! The two-movement piece is based on "The Legend of Sleepy Hollow": the first section is an off-beat tango, and the second is a blazing musical chase over a motor rhythm. A thrilling ride! **#38853**

UKRAINIAN BELL CAROL (LEONTOVICH/DACKOW) (E) -- A fantastic introduction to five part harmony for young orchestras! This arrangement of the much beloved Ukrainian folk song will sound wonderful and will provide opportunities to work on bow placement. **#30972**

UKRAINIAN BELL CAROL (/MORALES) (ME) -- This dynamic version of the classic carol is extremely playable and very effective. An optional bell part really enhances the overall sound as the strings move seamlessly through a series of textures. The wonderful writing is very characteristic of Erik Morales and is perfect for directors looking for that "special something" for their holiday programs. **#64650**

In 6/8 throughout, the driving eighth notes mimic the ebb and flow of riding on the waves. The energetic opening is followed by a melodic and more sustained middle section. In G with occasional accidentals, this piece offers a great opportunity to contrast staccato and legato bowing at all dynamic levels. ... #30983

WE WILL ROCK YOU (ESSENTIAL ELEMENTS) (QUEEN/LAVENDER) (E) -- Bold, minor anthem from the group Queen. #69547

WEDDING SONG FOR ANDY AND TALIA (DAY) (M) -- Written for the composer's son's wedding, the lush harmonies and emotional content reflect the beauty and dignity of the occasion. Easy bowings, rhythms and notes allow young performers to play with feeling and attain a mature sound. #40664

WEDNESDAY WORKOUT (FIN) (ME) -- For the past 15 years, Junior and Training Strings at Somerville House School rehearse on a Wednesday morning. Hence, the name. This piece features string crossing and block rhythms with nice harmonies. It is easy to play and the speed can be varied to suit the ability of the players. #48552

WHIRLIGIG (DAY) (M) -- The constant motion of a whirligig (a child's spinning toy) is embodied in this fast and fun piece in D minor. Special bowings and a variety of compositional techniques make this piece challenging and interesting for all sections. #40665

THE WINDS OF AUTUMN (HOPKINS) (E) -- Perfect for learning to play in parts, this wonderfully simple yet interesting beginning tune is in D Major. While remaining in first position, students will practice playing in steps and intervals with string crossings. An excellent piece to teach dynamics and playing in contrasting quarter and half note rhythms! #30967

WINTER, 2ND MVT. FR. 4 SEASONS (VIVALDI/MCCARRICK) (ME) -- This easy arrangement offers you multiple performance opportunities!
