SYMPHONY NO. 5: Allegro con Brio, mvt. I Beet/Parrish (MD) • 70952

All the power of Beethoven's famous theme is captured in this excellent arrangement for string orchestra with optional timpani. Set in the original key of C minor, the stormy *Allegro con brio* effectively uses every section of the ensemble to capture the passion and spirit of the original work.

SYMPHONY NO. 6: Scherzo, mvt. III Beet/Monday (MD) • 37761

Skillfully adapted for the grade 4 player, your students will feel like they are playing the original! Each set includes three copies of the optional 3rd Violin/ Viola T.C. part.

Medium Difficult (cont.)

VIOLIN SONATA NO. 4: Larghetto and Allegro **Handel/McCashin (MD) • 64991**

This outstanding pair of contrasting movements moves from a plaintive and pleading *Larghetto* to an *Allegro* with all the cheer and sparkle one can imagine.

WATERFALLS

Revell (MD) • 66617

This joyful piece depicts falling water like a fountain from the famed Versailles.

A YULETIDE REEL

/Giardiniere (MD) • 64990

The joy of the season flows through every measure of this delightful holiday reel that turns your violin section into Celtic fiddlers. *Good King Wenceslas* and *Deck the Hall* have been intertwined with the classic reel *Christmas Eve*. Includes optional bodhran (hand drum), guitar, and pennywhistle.

Difficult

OUT OF TIME

O'Loughlin (D) • 66651

Don't run out of time! This exhilarating piece of music includes moments of lush tutti playing that are pierced by brilliantly fresh sounding rhythmic interplay between all voices of the orchestra.

PARKLAND

Day (D) • 62554

Composed for the victims, survivors, family, and friends of the Parkland school shooting on February 14, 2018 in Parkland, Florida. The composition focuses on three different themes: *My Heart is Broken*, *Ready to March*, and *We're Marching Now and You Can Not Stop Us*. An optional (yet highly recommended) harp part is included.

PASQUINADE

Gottschalk/Jansons (D) • 56647

One of the last works that Gottschalk wrote, it was considered salon "music" in the form of a Gavotte, a popular dance in Europe. The lightly syncopated treble figures over the steady bass would emerge as the "cakewalk" and "ragtime" several decades later.

PORTRAITS OF COUNTRY FIDDLERS, OP. 26

Nordgren (D) • 31580

Local folk tradition figures prominently in this composers early output and studies in Japan led to crosscultural explorations of oriental and western instrumentations. This original includes five adaptations of Finnish fiddlers' tunes which combine his splendid feeling for string technique with the spirited and witty style of the folk tradition.

SOUVENIR DE PORTO RICO

Gottschalk/Jansons (D) • 56648

Gottschalk toured the Caribbean and South America extensively, where he picked up elements of native folk rhythms and incorporated them into his music. We know that he toured Brazil, but it is not known whether *Souvenir De Porto Rico* is his way of spelling the name of the U.S. territory, Puerto Rico, or if it pertains to the Brazilian town.

SYMPHONY NO. 4 "TRAGIC": mvt. I

Schubert/McCashin (D) • 40859

This arrangement of Schubert *Symphony No. 4* is an excellent selection for your advanced string orchestra.

Multi Level

GREATER THAN...

Balmages (E-MD) • 64987

Commissioned by the National String Project Consortium, this gorgeous lyrical work can be performed alone as an intermediate level piece, or with multi-level supplemental parts (available separately) for beginning and developing string students. Written to celebrate diversity!

Habits of a Successful String Musician

Selby, Rush & Moon - #70725

Score: \$34.95 | Individual Strings: \$9.95

Habits of a Successful String Musician is a field-tested, vital, and—most importantly—musical collection of almost 400 sequenced exercises for building fundamentals. Perfect to use with the entire string orchestra or solo player at virtually any skill level, this series contains carefully sequenced warm-ups, sight-reading etudes, rhythm vocabulary studies, chorales, tuning canons, and much more. In one place, this series collects everything an aspiring player needs to build fundamental musicianship skills and then be able to transfer those skills directly into the performance of great literature.

Habits of a Successful String Musician:

- Presents a differentiated, sequential, and comprehensive method for developing skills that lead to the mastery of reading rhythms, and ultimately, to musical sight-reading.
- Creates a method for teaching scales, arpeggios and thirds that simultaneously accommodates students of different ability levels.
- Organizes tone, rhythm and articulation patterns into a flexible and sequential series.
- Creates finger pattern and velocity studies that address the most common problems encountered by intermediate orchestra students.
- Provides beginning through advanced shifting exercises for students of every level.
- Creates exercises for learning alternate clefs and higher positions.
- Provides chorales for the development of intonation, tone quality, blend and musicianship.
- Presents rhythm charts in a new format that allows transfer from timing and rhythm to pitches in a musical context.
- Provides audition sight-reading in a classroom “full ensemble” format that is well planned in scope and sequence.
- There are over 130 sight-reading examples in this book.
- Promotes the idea that students should cross the threshold from the “technical components of playing” to music making.

More than fifty years ago, Japanese violinist Shinichi Suzuki realized the implications of the fact that children the world over learn to speak their native language with ease. He began to apply the basic principles of language acquisition to the learning of music, and called his method the mother-tongue approach. The ideas of parent responsibility, loving encouragement and constant repetition are some of the special features of the Suzuki approach.
